# Compact network distributors

## Compact network distributor with fuse

51 006059

- Robust plastic housing 276x184 mm
- 4x schuko-type sockets 16A 230V protection type IP54
- 2x C-type circuit breakers 16A 1-pole
- 4x RJ45 Cat. 6 socket inserts 8-pole shielded under transparent flap, optionally lockable
- With protection against accidental contact and label field
- Cable connection / plug connection on request
- 1x M25 at bottom
- 1 x M32 at bottom with multiple sealing inserts 4 x 8

## Compact network distributor

51 006058

- Robust plastic housing 276x184 mm
- 4x schuko-type sockets 16A 230V protection type IP54
- 4x RJ45 Cat. 6 socket inserts 8-pole shielded under transparent flap, optionally lockable
- With protection against accidental contact and label field
- Cable connection / plug connection on request
- 1x M25 at bottom
- 1x M32 at bottom with multiple sealing inserts 4 x 8

## Solid-rubber suspended network distributor

57 3027

- Robust, solid-rubber housing 140x140 mm
- 3x schuko-type sockets 16A 230V protection type IP54
- 4x RJ45 Cat. 6 socket inserts 8-pole shielded under transparent flap, optionally lockable
- With protection against accidental contact and label field
- Cable connection / plug connection on request
- 1x M25 at top
- 1x M32 at top with multiple sealing insert 4 x 8

## Solid-rubber compact network distributor

54 01046

- Robust solid-rubber housing 260x145 mm
- 4x schuko-type sockets 16A 230V protection type IP54
- 4x RJ45 Cat. 6 socket inserts 8-pole shielded under transparent flap, optionally lockable
- With protection against accidental contact and label field
- Cable connection / plug connection on request
- 1x M25 at bottom
- 1x M32 at bottom with multiple sealing inserts 4 x 8

# Multiple data sockets

## Data socket

- RJ45 connection module Cat. 6, socket insert 8-pole shielded
- Transparent window, lockable
- With protection against accidental contact and label field

1x	58 0319
2x	58 0320
3x	58 0321
4x	58 0322
